PLAN PICNIC AT
BATTLE RIVER
TUESDAY, JUNE 3

The members of the committee arrange for a picnic on June 3rd in connection with the Choral Society met last Monday and prepared a list of autos that would be available for the picnic to be held on the King's birthday. A suitable place along the Battle river is being picked out to have lunch after which the crowd will take a drive through the Buffalo park. All those having cars that will not be filled are requested to see some of the Committee letting them know how many they can take also those that have no car available should hand in their names so that all may be accommodated. J. W. Wyatt, F. Hill and H. W. Love are the members of the committee that have this arrangement in hand.

Edmonton On Strike.

The labor unions of Edmonton went out on strike Monday noon in sympathy with the Winnipeg strikers and the strike will last until the Winnipeg strike is settled. The walk-out was quite general and the city is completely tied up.

Edmonton is a commercial city and not an industrial one. The city depends on the country for its existence for a radius of 100 miles or more. The strike affects the people in the country almost as much as the city, and will work hardships especially on the dairy industry, as cream and butter shipments are refused.

The city strikers will receive no sympathy from the country, and the feeling in the rural districts is that the strike is a most absurd and foolish move. But we have to grin and bear it.

BANK CLOSES ALL
DAY AND STORES
11 A. M. JUNE 3

The Irma base ball team journeyed to Edgerton on the 24th, accompanied by a few faithful fans and fannelettes who watched a bunch of boys without practice or a regular pitcher trim Prospect Valley to the tune of 5 to 2. In the evening twilit the victorious Chauvin nine and our boys battled for first money. Chauvin used three pitchers, two being batted unmercifully and only darkness prevented us from bringing home first money. With practice and support of the town and district our home brew amateur boys will put Irma on the map in box car letters.

Notice to Basket Ball Players.

A meeting was held at the home of Mrs. Clute, Friday, May 23rd for the purpose of re-organizing the Basket Ball team. They have \$25 to their credit in the bank. It was decided to start playing again and all those interested are asked to be at the basket ball grounds any Wednesday evening and help form an Irma team that will be able to compete with any of the teams of neighboring towns.

Strike Affects the Times.

Strike conditions again affect The Times and we have to ask our readers and contributors to bear with us. A number of articles and letters which were to appear in this issue were sent away to be machine set. In the meantime the expressmen went out on strike and the metal cannot be shipped. As soon as the strike is off they will appear in an early issue.

On account of next Tuesday, June 3rd being a public holiday the bank will be closed all day. The stores will be open till 11 A. M. which will give the public a chance to secure any necessary articles. The Post office will be closed except at the time of the arrival and departure of the mails.

Explanation.

Mr. D. T. Greene, of Jarrow, has written the TIMES, and takes exception to an item which appeared in the Jarrow news of two weeks ago. Following the item which stated that Mr. Greene was leaving the district was a paragraph relating to boost your own town and district and don't be a knocker. Mr. Greene thought this reflected on him and wishes us to retract the same.

The TIMES had no intention whatever of casting any reflections on Mr. Greene and, it was only a coincidence that made the two items appear together as news matter in the local columns generally run according to size and in making up the page the printer naturally chose items that were of uniform size to fill the column.

Sunday Services.

3 p.m. Preaching services at Roseberry - Mr. Wilbourn will conduct this service.

8 p.m. at Irma. Special song service and Mrs. Waite will read The Last Word by H. Vandyke.

S. S. Services at 11 a.m. at Roseberry at 2 p.m. and at Alma Maier at 2.30 p.m.

There will be no service at Orbindale this week.

The town council have a gang of men and teams grading the streets.

A. Gale is moving to Millet, Alberta.

Rev. C. G. Hockin has been attending the Methodist conference at Calgary.

R. Hunter has been spending a few days at Edgerton on business.

The Ladies Aid met at Mrs. A. W. Toll-Wednesday afternoon.

Miss Jean K. McGowan of Toronto, is visiting her aunt, Mrs. G. A. Higgins.

Baseball practice will be held on the Diamond every Wednesday evening.

E. C. Darling of Edmonton has accepted a position as local representative with Messrs. Fieldhouse & Hunter.

Remember the concert at Roseberry school, Friday, June 6th at 8 o'clock. No admission. Silver collection in aid of playground equipment.

Seeding is practically finished with the exception of some green feed which some of the farmers contemplate sowing in case we get sufficient rain.

Last month in Oklahoma a Model 90 Overland car broke the world's non-stop high gear record. 4,370 miles in 7 days and nights in high gear, over bad roads with a gas record of 20.66 miles per gallon.

Mr. Jas. Kennedy has purchased a pure bred Clyde stallion, "Isley Barns." This is a fine 7 year old stallion. Mr. Kennedy will stand him at his own barn six miles north west of Irma except Saturday when he will be at Jarrow.

Florence McDowell,
Sec'y-Treas.

C. J. Hayden and H. Wilson wish to thank their neighbors for the kindness shown their families and the assistance they gave in fixing the tent on the land they have recently moved on. They are sorry they could not attend the banquet for the returned soldiers as they were on the way from Edmonton with their teams at the time.

A meeting of the Repatriation committee has been called for next Wednesday evening, when delegates from the different Societies in the Irma district are requested to meet and discuss ways and means for the proposed picnic in honor of the returned soldiers. Any one interested will be welcome.

E. J. Bridgeman, eye sight specialist and professional optometrist, of Saskatoon will be at the Irma hotel on Friday, June 13th, on a professional visit to our town. Mr. Bridgeman is an honor graduate of Canadian Optometric College, Toronto and absolutely guarantees all his work. Headaches, stomach trouble and nervousness caused by eye strain can be cured. Glasses not prescribed unless absolutely needed.

DOING THE BEST WE CAN

The Labor Strike which is now on in all the larger towns and cities of the West is crippling business and also affecting the consumer.

The freight handlers of Edmonton are out on strike with the rest, consequently our source of supplies is cut off.

We have a fairly well assorted stock of the daily necessities in Groceries and as long as the strike lasts we will do everything within our power to endeavor to keep the community supplied with the most needed articles in the groceries.

Under the existing circumstances we ask the generous public to bear with us this inconvenience which has been forced upon us by the Labor Unions.

Wants Prompt Action For To Save Russia

Paris.—A. F. Kerensky and members of the Parisian Union for the Regeneration of Russia have issued an appeal to the democracies of the world for prompt action, with a view to helping Russia out of her present chaotic condition. It proposes the organization of a mission composed of delegates from all the powers, and including representatives of organized labor, which will go to Russia and explain to the people and the different Russian governments the democratic aims they are pursuing.

The appeal says: "It should be stated categorically that the different governments repudiate the idea of any intervention likely to infringe upon the sovereign rights of Russia."

German People Are Learning the Truth

Have Been Ignorant of Acts Committed by Armies

Paris.—The German peace delegation, through the German correspondents, seem to be trying to prepare their country for the acceptance of the treaty. A new tone is observable in the German press; for example the Leipzig Volkszeitung in explaining the enormous indemnity figure, says: "It must be remembered that great tracts of French territory have been rendered useless for many years; The devastated regions are twice the size of Saxony. Moreover, Germany took considerable quantities of stocks and bonds from the occupied territories. In the export warehouses stocks of manufactured goods were taken to Germany, together with the cargoes from the ships at Antwerp and the different river boats. Finally, even the kitchens and bedroofs of the inhabitants in the occupied territories were entered. There is not a place where a German non-commissioned officer armed with a requisition slip has not presented himself. The confiscated merchandise was resold in other countries with enormous profit."

"Better still, systematic devastations were operated in the leading industries on a great scale. First the warehouses were emptied, then parts of the machinery were confiscated, and even the old iron were resold. Factories, looms, foundries, machine shops all fell into the hands of the devastation commission. It was thought thus to get rid of competition for many years or during the long period which France and Belgium would need to reconstitute their industries and restore the devastated lands. Germany hoped to be able immediately after the war to offer her products to the world."

The German people seem to have been kept in ignorance hitherto of the acts committed by the German armies. They are just beginning to learn the truth."

German Officers to Be Tried

London.—Frederick William Hohenzollern, the former German Crown Prince, will be tried to trial under the terms of the German peace treaty, it was declared by Mr. A. Bonar Law, the government leader in the house of commons. Mr. Bonar Law said that the commandants of prison camps would also be liable under the treaty's terms.

Germans Are Given A Time Extension

New York.—The Associated Press issues the following:

"A period of seven days of grace has been extended to Germany by the representatives of the entente and associated governments, in which the German peace plenipotentiaries may conclude their study of the peace treaty and formulate such replies to the various clauses as they desire."

The extension of time, which originally was to have expired at noon, Thursday, was granted at the request of the Germans, who advanced the plea that more time was required in order that they might formulate arguments of such importance and length that, were the original date adhered to, it would be impossible to complete them; thus the time has been set forward to Thursday, May 29.

Efforts made in Germany to ascertain even the gist of the contents of the proposed reply of the Germans have been without reward. A report has it, however, that lengthy notes dealing with Alsace-Lorraine, the east Ger-

Italians Hold Back

Not Disposed to Agree With Terms Offered to Austria

Paris.—The Temps anticipates that the revision of the peace treaty which is to be offered the Austrian plenipotentiaries at St. Germain will be delayed for a few days. This will be due, the newspapers say, to the fact that the Italian government appears not disposed to sanction the new Austrian Jugo-Sloven frontier, so long as the question of the frontier between Italy and Jugo-Slavia remains undetermined.

Papal Secretary Plays For Huns

Note Declares Peace Proposals Are Impossible

Rome.—Cardinal Gaspari, the papal secretary of state, had written in the name of the Pope, an official note to Col. E. M. Flouse, of the United States peace delegation, transmitting the arguments sent to the Pontiff by the German ships to demonstrate the absolute impossibility of their country fulfilling the peace conditions imposed by the allies.

In his note, Cardinal Gaspari explained that the Pope takes this step in favor of Germany as he would do for any country requesting his assistance, as he is only animated by humanitarian feelings. The cardinal adds that the Pope has done this the more willingly since he was also urged to undertake this initiative by a country belonging to the entente. He begs Col. House to submit the situation to President Wilson, hoping that the latter will use his power of the influence with the other delegates of the various powers with a view to securing a peace which will really be lasting.

Germans Resented Week Of Mourning

Order Decreed by Government Far From Being Effective

Paris.—The week of mourning in Germany decreed by the government because of the terms of the peace treaty appears to have met with little success. The German musicians in particular seem to be resentful over the order as a measure which prevents them from earning their daily bread, while the Tagesschau and the Berlin Tageblatt admit that the mourning was far from being completely effective. Reports are that nearly all the music-halls remained open, and that in some places the people danced all night. One bit of general comment comes from the Volksblatt of Halle, which says:

"It is not now, but on August 1, 1914, that general mourning ought to have been ordered in Germany."

Strong for Der Fathertland

Bastrel.—At a meeting at Kaiserstrasse, in the French area of occupation, more than 500 school masters and school mistresses of the Palatinate adopted a resolution asserting their attachment to Germany.

The resolution also protested against any attempt to separate the Palatinate from Germany.

Typhus Is Raging Among Bolsheviks

In Rumania, Ukraine and Galicia Stories Tell of Gruesome

Vienna.—Typhus is raging among the Bolshevik troops operating against East Rumania, and also among the troops and people of Ukraine and in East Galicia and Lemberg. E. A. Frick, Swiss agent of the Imperial Red Cross and a nephew of H. C. Frick, of New York, has arrived in Vienna, suffering from typhus. He spent March and April in Galicia and the Ukraine. Among 2,000 Austro-Hungarian prisoners returning home from Russia and halted by the Czechs, one-tenth are dying from typhus. So many have died in box cars that their comrades merely threw the bodies out, leaving them buried along the tracks.

It is feared that the Polish army, under Gen. Haller, will contract the disease, which is prevalent in the oil fields they are occupying. The hospitals in Lemberg are filled with typhus cases.

Russia at War With Rumania

Bolshevik Troops Have Defeated the Rumanians and Occupy Two Towns

London.—Owing to Rumania's disregard of the ultimatum from the Russian Soviet government demanding an evacuation of Besarabia, a state of war exists between Russia and Rumania according to a wireless dispatch from Moscow received here. Bolshevik troops have crossed the Dniester river in the Tiraspol district, where they have defeated the Rumanians and occupied Tchegnatchi and Bender, the dispatch says. Bender is on the west side of the Dniester and 58 miles from Odessa. Near this town is the village of Varintza, where Charles XII took refuge after the battle of Poltava in 1709.

Czechoslovaks Return

Shipping Is Being Gathered Up to Transport Fighters

Vancouver.—The Czechoslovaks, formerly of the Austrian army, who deserted in Russia rather than fight for their oppressors, and who later fled Siberia from the Bolsheviks, are returning to their home in Bohemia. Shipping is now being gathered up with which to transport these great fighters back by way of Vladivostok and the Mediterranean.

This was the report brought by several Czechoslovak officers, who arrived by the Empress of Japan from Siberia. The party is taking home to Bohemia the archives of the Czech campaign in Russia. With exhibits included, their freight amounts to almost 30 tons. They will go by way of Winnipeg, Toronto and New York.

German Captain Suicides

Was Arrested on Charge of Common Robbery

Coblenz.—Max Kaasch, formerly a captain in the German army, who was arrested several days ago by United States intelligence officers on a charge of having in his possession property stolen from France, committed suicide by stabbing.

Kaasch was arrested at the request of the French military authorities, who planned to return him to France and try him on a civil court charge of common robbery. Kaasch was turned over to the French authorities, and killed himself in the jail at Boppard, in which he had been placed for the night.

Linen and other property found in the officer's home in Coblenz, the authorities say, was stolen during the war from French homes in Douai.

Reds Preparing New Drive

Paris.—The Russian Bolshevik foreign minister, Tchitcherin, in a message to Bela Kun, the Hungarian communist leader, concerning the reported advance of Admiral Kolchak, head of the Omsk government, declares the situation is misunderstood.

He says that Admiral Kolchak is in a less favorable position than is supposed and that the Bolsheviks are preparing a counter-offensive which they hope will be successful. This information is contained in a wireless message received here.

Bolsheviks Rout Poles

Warsaw.—On the Lithuanian front the Bolsheviks launched strong attacks against Podbrodzie, northeast of Vilna, but were repulsed with heavy losses. Polish advance guards have reached Bolniki. German trench mortars and artillery, it is added, have bombarded Polish positions on the front in Posen and Dombrowka. There has been sharp rifle fire on various other sections of the front.

Germans Must Share Economic Losses

Protest to Peace Terms Answered By Allied Governments

Paris.—A reply by the allied and associated governments to the German note protesting against the economic terms of the peace treaty as being calculated to cause the industrial ruin of Germany has been delivered to the German peace plenipotentiaries. The reply is under eleven heads, and answers each German contention.

I declared that the allied and associated government, in framing the economic terms, "had no intention to destroy Germany's economic life."

On the contrary, the report points out that in the reconstruction of the world's affairs Germany will have her part in the progressive development, but also will share with the rest of the world in the economic losses and disadvantages inevitably resulting from the war.

The reply declares that the German note fails to take into consideration the fact that the dismemberment of Germany and the end of militarism will relieve the German people of an immense burden of taxation, and return to the ranks of useful production millions of men formerly in the army who have been entirely withdrawn from industrial or agricultural activity.

The reply also makes an emphatic rejoinder to the German complaint that the loss of the German merchant marine will throw out of work thousands of German merchant seamen. The allies' answer is that the destruction of merchant ships, chiefly by German submarines, has had the unfortunate effect of limiting the opportunities for work of seamen throughout the world, the allied powers being the greatest sufferers. It adds that there clearly is no reason why Germany should be exempted from its share of the economic disadvantages growing out of this destruction of merchant ships.

The reply on the economic objections is regarded as one of the best documents in the exchange of notes.

Romanians Protest Against Polish Advance

Poland Has Not Ceased Fighting in Advance with Paderewski's Pledge

Paris.—The Ukrainian armistice commission here has lodged a vigorous protest with the Peace Conference against the Polish advance in Galicia subsequent to the Paris agreement providing that hostilities be suspended. Premier Paderewski's ability to fulfill Poland's pledge to the entente, that the armistice would be respected, is causing much embarrassment to the allies. The supreme economic council discussed the advisability of continuing assistance to states asking for supplies, but fighting on regardless of pledges.

Representatives of Ukraine and Poland appeared before the Council of Four, but no decision on the situation was reached.

Minister Of Blockade Resigns

French Leader Considers Terms of Treaty Too Generous

Paris.—Baron Denys Cochin, former minister of blockade, has resigned from the right group in the chamber of deputies, after a meeting of the group, at which it was decided to send a note to Premier Clemenceau criticizing the peace treaty.

In a letter addressed to the Temps, Baron Denys Cochin considers that the treaty is too generous and unworthy of France and her allies. If it weighs heavily upon Germany, he said, it is because Germany's crimes were big, and that her reparations will be costly—which is justice."

Delegates Say Terms Unacceptable

Copenhagen.—The conference of German political leaders and German peace delegates at Spa agreed that the peace terms were unacceptable, according to a dispatch to a German semi-official statement, and that Germany will leave no stone unturned in an attempt "to find a practicable basis of peace which takes into account our opponents' justifiable demands and those capable of being borne and carried out by the German people."

Liquor Prohibition Is Upheld in Commons

Prince of Wales Coming to Canada

Will Open the New Parliament Buildings at Ottawa

Ottawa.—The Prince of Wales will visit Ottawa in August of this year, and will open the new parliament buildings at Ottawa, Sir Thomas White stated in the house that he had received a message from His Majesty the King, through the Governor-General, follows:

"I am very glad to tell you that, with my entire approval, the Prince of Wales will visit Canada this year in August. He will open the new parliament buildings in Ottawa."

It is understood that the Prince of Wales will also open the Canadian National Exhibition at Toronto the same month.

British Aviator Undaunted

Raynham Still Intends to Attempt a Non-Stop Atlantic Flight

St. John's, Nfld.—Frederick Raynham, the British aviator who intended to attempt the ocean flight with Harry Hawley, believed to have been lost at sea, came to grief when his Martinside plane was wrecked while running to the "take off," announced that he was in the race again for the first non-stop ocean air cruise. Recovered sufficiently from injuries suffered when his plane collapsed, able to leave his bed, Raynham said that the machine could be rebuilt with spare parts at hand here, provided the motor is working condition.

While the Handley-Page and Vimy mechanics are assembling their huge machines for the Atlantic "hop," the little Martinside will be removed to town for repairs.

Captain C. W. F. Morgan, Raynham's navigator, will not be his partner in the New trans-Atlantic flight he is planning. Morgan's physicians told him his flying days were over, and it might take him two or three months to recover from the injuries suffered in the wreck of the Martinside. Raynham has not named a partner for him.

Wireless enquiry in all parts of the north Atlantic has brought no news of Hawker. His plane has been neither seen nor heard from since it was seen by the signal flag lookout at the harbor mouth, disappearing over the ice strewn Arctic current to the east.

Salsburg Defies German Austria

Vienna.—The German-Austrian government is being defied by an autonomous government which has been established in the province of Salzburg, western Austria. The members of the new government issued a decree forbidding residents of Vienna from residing in Salzburg and announcing their opposition to the system of exchanging food from foreign countries to the agriculture products of the province. The Salzburg government also is refusing to hand over to the central government in Vienna the proceeds of the income tax.

Polish Armistice Fails

Paris.—The commission appointed by the supreme council to arrange an armistice between Poland and Ukraine has been dissolved, and the next development in the situation appears to depend on what action the Poles may take.

Turkey Presents Complications

Paris.—The Turkish problem has become most acute in the peace conference. Various delegations are striving to find some solution for the dismemberment of the empire which will not provoke a religious war.

The United States is being looked to by the other powers as the only nation which can become mandatory for Constantinople without the danger of precipitating another European war, but the United States delegates to the peace conference express doubt of the willingness of the United States to accept the mandate, especially under the conditions which the powers have outlined.

With the Sultan expelled from Constantinople, the United States delegates expressed the belief that it might be possible for the United States public to become reconciled to the mandate. However, the Indian delegation,

OTTAWA.—The commons deliberated the methods of the government bill validating, with modifications, the order-in-council passed under the War Measures act relating to prohibition in Canada. The discussion took place in committee and was for the most part based upon an amendment moved by Hume Cronyn, which would have permitted the manufacture in Ontario of beer of a greater alcoholic content than two and a half per cent, for export to other provinces where its sale is permitted.

Frank criticism of bone-dry prohibition came from Dr. Blake, member for North Winnipeg, who asserted that there has been too much control of the action of the people and that "prohibition was the straw which had broken the camel's back, and precipitated unrest in the country."

At the evening sitting, Hon. N. W. Rowell spoke at some length in support of the bill, declaring that no one piece of legislation had been received with so many expressions of approval.

He asked the committee to consider what the situation in Winnipeg would be today were the bars open. Dealing with the matter of permanency, Mr. Rowell said that the government was redeeming its pledge to the people by enacting the legislation for another year. During the next year some of the provinces would express their opinions with regard to prohibition, and this would have a bearing upon the situation.

After some further discussion, Mr. Cronyn's amendment was declared lost, and the bill was reported from committee. It stands for third reading.

Canadians Did Not Fight In Siberia

Vladivostok "Dirtiest Place in Creation" Than Dogs

Winnipeg, Man.—Speaking of the work done by the Canadians at Vladivostok, Capt. J. King, of Toronto, in charge of a unit of Siberian scouts, said there was practically nothing in the way of actual fighting so far as the Canadian force was concerned. There was trouble now and again in the interior, chiefly because of the activities of the Bolsheviks, and Canadian detachments would be sent along with British, Japanese and other allied forces to restore order. This generally would be speedily done.

Of Vladivostok, the men had little to say of a favorable nature.

"The dirtiest place in creation," was how one man described the city.

"Pigs were more common than dogs on the main streets," declared another.

Chinese Students Protest

Tokio.—A number of the leaders of the Chinese students in Tokio, writing their names with their own blood, have signed a resolution calling upon four thousand of the students in Tokio to return to China to protest against the Peace Conference decision in regard to Shantung and against the alleged ambitions of Japan in China.

Polish Women Fight the Ukrainians

Paris.—The advance of the Poles against the Ukrainians in the region of Kukloff, north of Lemberg, according to the Polish national committee here, was carried out by Polish women battalions and troops from the garrison at Lemberg.

delegation, which has appeared before the Council of Four to plead for special consideration for the feelings of the Mohammedan world, as well as other Mohammedans who have made statements, assert that the sultan must not be forced out of Constantinople, declaring that such action would greatly affect his standing in the church.

Consequently Great Britain is seeking to have the sultan remain in Constantinople as head of the Moslem faith, but with purely spiritual powers.

It is now suggested that instead of transferring the sultan to a strip of territory somewhere in Asia Minor, that he remain in Constantinople, but be allowed to exercise a degree of temporal power over some territory in Asia Minor, to be selected, thus preserving the form of the Ottoman empire.

INCOME TAX

Warning To The Public.

A large number of returns for the year 1918 have been filed with the Inspector of Taxation for the Province, but it is felt that there are a number of persons whose incomes are sufficient to render them liable to taxation who have not yet filed returns. These must be filed "WITHOUT ANY NOTICE OR DEMAND" according to the provisions of the Income War Tax Act. This does not appear to be generally known and it seems that some persons are of the opinion that they are only required to file returns when forms are sent to them to do so. This is entirely wrong. All persons liable to taxation must get forms for themselves, either by applying for these at the nearest Post Office, or at the Office of the Inspector of Taxation, Customs Building, Calgary, or at the Edmonton office which is situated in the Post Office Building.

For 1917, incomes liable to taxation were those of single persons, widows or widowers without dependent children where the amount exceeded \$1500.00, and those of married persons, widows or widowers with dependent children where the amount exceeded \$3000.00. The Act has been amended, however, and for 1918 taxable incomes are those in excess of \$1000.00 in the case of single persons and \$2000.00 in the case of married persons.

The Amendment of the Act will bring within its scope thousands of persons who were not taxable for 1917. Steps are being taken to trace any defaulters. The penalties provided for in the Act are not yet being imposed and an opportunity is still being given to those who are liable under the Act, and who have failed to comply with it to file returns. There is no doubt, however, that before long some prosecutions will be made, and it is, therefore, important that no risks be taken, and that all whom the Act may affect should see that they are not incurring any of the penalties.

There are many misunderstandings as to what income consists of. Amongst some of the smaller merchants and others there is an impression that profit earned and left in the business is not income. This is wrong. Whether such profit is withdrawn or left in the business is income and should, therefore, be taken into account as such. It is also found that some people engaged in farming or business, regard capital expenditures and operating expenses alike, as deductions from gross income. Care should be taken to see that this is not done, and that all expenditures of a capital nature are left out of account when arriving at income.

Partnerships, as such, should not file returns; the individual members of partnerships in filing their personal returns should include the profits paid or accrued to them from such partnerships.

Where persons have any doubt in regard to any point connected with the Act, they should communicate with the Inspector of Taxation, Customs Building, Calgary, for information and advice, which

will be gladly given.

So far as the collection of taxes imposed for 1917 is concerned, these are well paid up, but there are a number of delinquents and it is expected that the Department of Justice will, before long, take action to enforce payment of arrears.

DARING AVIATORS SAFE.

Missing for six days and given up for lost Harry G. Hawker and Mackenzie Grieves, daring British airmen, who attempted a flight across the Atlantic are safe. They were picked up by a small Danish steamer 1100 miles out at sea, after being in the water one hour and a half. They were forced to land in the ocean on account of engine trouble. The steamer carried no wireless apparatus which accounted for the lateness of dispatching any news of the missing aviators. No event has stirred the world since the big battles as the trip of these two intrepid airmen.

Notice To Cattle Men.

The Deputy Minister of Agriculture for the Province has received notice from the Live Stock Branch at Ottawa that cattle that were moved north last year on account of the scarcity of feed in the south will require to be loaded and shipped on or before the 16th day of June in order to get the free rate for return to the south.

If the farmers go on strike where will the rest of the world get off?

With all the cities going on strike the country is the place to live in now.

One of the safest bets known is that a woman cannot pass a mirror without looking into it.

Women are queer. If you tell them you have the biggest brains, they get mad, but if you tell them that man have the biggest feet they feel flattered.

This happened in Tofield. A girl complimented her fellow at the Variety during the presentation of "Tarzan the Ape." She said, "Pshaw, he don't look as much like a monkey man as you do."

A colored veteran just back from the other side when questioned about an iron cross he was wearing explained:

"Boss, it was a extra decoration. De Kaiser, himself sent it to me by special messenger what dropped dad jus' befo' he give it to me."

The burglaries and robberies going on over the country should put everybody on their guard. Here in Irma the other night something appears to have been stolen, for the neighbors overhead a young man at the front gate remark, "I am going to steal just one."

PUBLIC NOTICE

To the Ratepayers,
Municipal District Kinsella No. 424

This Municipal District will be included in the Hail Insurance District as organized, by the approval of 69 municipalities voting in favor of the scheme at the polls, on the Hail Insurance By-Law.

In connection with the above each ratepayer is required to report to the secretary-treasurer of the district in which his land is located,

whether or not he desires insurance, and the number of acres upon which he wants insurance, with the rate of indemnity per acre. To facilitate these reports, forms will be sent out which should be returned to the Municipal Secretary before the 15th of June. The blanks are now being compiled and printed, and will be sent out at once.

Yours truly, C.J. Knudson,

Your Trip to Eastern Canada

Excellent Service on "The National" over New Route.

When going east to visit your friends or make business calls travel by "The National" between Winnipeg and Toronto, and enjoy the maximum of travel comfort. This through train uses the rails of the Canadian Government Lines from Winnipeg to Cochrane, the Temiskaming and Northern Ontario (owned by the Ontario Government), from Cochrane to North Bay, and the Grand Trunk from North Bay to Toronto.

The three railways combine to make the passenger service over this new road the equal of that offered anywhere on the Continent. The smooth, straight, and level roadbed embodies the last word in the railroad builder's art.

"The National's" trip between the Manitoba Capital and the Queen City of the East is one of 1256 miles. The departure from Winnipeg is from the Union Station at 3.30 in the afternoon and Cochrane is reached the following night. This is a wonderfully interesting trip through the territory of New Ontario, giving the traveller an opportunity of inspecting this fertile region, including the famed clay belt, where tens of thousands of settlers will make their homes in the future. In addition to great expanses of good farming land, New Ontario has wonderful resources in timber, minerals, water power, fish and game.

"The National" next threads the rich districts served by the Temiskaming and Northern Ontario, including the Cobalt silver camp and the Timagami Forest Reserve. There is a daylight run to Toronto over the Grand Trunk through "The Highlands of Ontario," comprising the beautiful "Lake of Bays," "Muskoka Lakes" and other holiday resorts. For full particulars apply to agents of Grand Trunk Pacific Railway.

Jarrow News

If it doesn't rain very soon we will all go broke together.

Miss Mable Murray is at Holden for a few days.

The Schaffner brothers are home from Edmonton for a few days visiting their people here.

August Weinrich is boring wells in the valley and seems to be meeting with some success by the amount of well cribbing that is leaving town.

A dance was held in the poolroom last Friday and a large crowd attended. Everyone had a good time until day-light. Give us some more of the same thing.

A construction crew from the Dept. of Telephones are putting on another wire from Irma to Viking. This is much needed improvement, as the local telephone traffic is heavy at times.

A musical program was given in the church on the 21st and the church was full to overflowing. Some Irma talent helped out with the program and the entire affair was well appreciated by all.

Jang Lee has recently purchased the property that he has occupied for some time as a restaurant. John Kennedy is making some alterations on the inside and Tom Lockhart is painting the outside. Jang says he is going to have a cement sidewalk too.

No one is buying cream in town this week on account of the strike. A general tie-up all over the country brings the troubles of the wage earner very much to our attention. We suppose that is the main idea although we do not know a thing about it.

Albert Firkus will be calling for tenders for road construction this week in Division 1 and we understand Arthur Carter intends to let considerable work by tender as well. As far as we know this is the first year that work has been let by tender in this district and for that reason it is more or less of an experiment, but this plan has worked out well in other districts and should do so here.

HOW TO GET RICH.

A further installment of the plan for riches follows. If you read this page last week you know what we are talking about but if you neglected the Jarrow page last week you might as well not read any further.

The next thing to do is to go to the Dominion Government and have a law passed compelling the Canadian people to buy Canadian farm products on a penalty of a prohibitive tariff tax. In addition to this you should get the Gov't to give you a bonus equal to about the cash value of your farm. Probably your municipality could be induced to exempt your farm from taxes to encourage an "infant industry." You should not forget about this time to get the Gov't to give you free trade in everything you want to buy, particularly "raw material." This will make your purchases very cheap. No doubt the government could also be induced to build good roads. Railway rebates would also help you. When you get this all accomplished - and it is a very easy matter - you should arrange with your brother farmers to sell no farm products in Canada at less than the price in other countries, with the tariff tax added on. By this means you can raise the price of all that you have to sell to about double its real value."

The best part of this is yet to follow so if you read the Jarrow Page regularly you will not miss the good things.

Irma Choristers Delight Jarrow

Jarrow on the 21st experienced a very pleasing transformation. The ordinary spring monotony received a sudden jar upon the arrival of the Irma and Melbrae musicians.

In the early part of the program three very commendable quartettes were given. The musical treat began with the Irma Male quartette followed by an impressive solo, by Mr. Phil Dougherty of Melbrae. The ladies of Irma in their rendition of Santa Lucia made a very pleasing impression. The Melbrae quartette was heard to advantage in their selection Come unto Me. Though the volume was not so abundant as in the former numbers yet harmony and soft flowing cadences were not lacking.

In the Morning in the Orient the Irma choir deserves great praise. Their patience given to training and technique was fully repaid. If comparison with their appearance at Irma be pardoned the singers excelled their former performance. Greater confidence and ease prevailed throughout. The solo selections by Mrs. Dickson were rendered in an exceedingly capable and masterly manner.

The readings of the evening were given by Mrs. Waite and will long be remembered. The selection from The Morning in the Orient showed the wondrous power of the reader and the defects of the writer. The composer of the lines fell a victim to didacticism. Though endeavoring to weave the dramatic into the selections the writer had often lapsed into exposition raid of color in the attempt to express facts that burdened his mind. Thus the problem of the reader was to offset the dull monotony of facts inartistically arranged.

The climax of the program was reached earlier in the evening. The selection The Lost Wood combined within it the essential elements necessary for dramatic art. The yearning for the unattainable in the human heathen life, the helplessness of the human creation in the supreme moments, the failure of power and wealth to satisfy the cravings of mortals were portrayed by scenes so full of color and artistic beauty. In this realm the reader was superb. The sincerity and depth of feeling was irresistible. Long will be the day before that sacred and dramatic touch will be effaced from the memory of her hearers.

The program drew to a close with a hearty vote of thanks to the participants of the evening.

The difference in cost between an ordinary baking powder and the pure, strong, *double-acting*

EGG-O Baking Powder

is trivial. It amounts to only a fraction of a cent on each cake you bake. Against this you risk your high-priced flour, butter, sugar, eggs and milk, and your reputation as a cook.

Spoiled bakers not only cost you money, but they waste food. With the heavy Government Standard flours in use to-day, the selection of a strong baking powder is absolutely necessary.

The double-acting strength of Egg-O is needed to make a baking of a light cake from a heavy flour. Try a can and watch your bakers improve. You can use sweet milk, sour milk, buttermilk or water with Egg-O — a different and better baking powder.
